

## **Data Analyst**

The primary responsibility of this position is to assist with the collection and review of data, including photographs, of wind turbine blade inspections, identify and report damage and concerns, and input the collected data into a computer program.

The work is performed at our Goderich location. The usual work pattern is Monday to Friday for a total of forty hours per week. Our start rate is **\$14.50** per hour and employer paid benefits are provided after four months of employment.

Basic Requirements - (Candidates without these criteria will not be considered)

- Grade 12 graduation or an alternate combination of education and experience acceptable to Complete Wind.
- The ability to comprehend and follow written and verbal instructions provided in English.
- The ability to view a photograph and visualize the subject in three dimensions.
- The ability to draw logical conclusions from the data and the pictures.
- The ability to accurately type at a minimum speed of forty five words per minute.
- A commitment to promoting a positive, productive and harassment free workplace.
- A commitment to regular, reliable, and timely attendance.

Preferential consideration will be given to candidates who have had related work experience.

If you are interested in this position, or wish further information, send a completed application (available on [www.completewind.com/people](http://www.completewind.com/people)) and your resume to [hire@completewind.com](mailto:hire@completewind.com).
