

## Job Advertisement – Manufacturing Engineering Technologist

Complete Wind Corporation (CWC) is a growing company providing Wind Turbine Rotor Blade Inspection and Maintenance Services, with Manufacturing and Refurbishment Divisions located in Goderich, Ontario. We are currently hiring for the position of **Manufacturing Engineering Technologist** which reports to the Engineering Manager.

The primary responsibility of this position is to support the Manufacturing Engineering goals of the Manufacturing and Refurbishment Divisions.

### Job Duties Include:

1. Technical Support
  - 3D modelling in SolidWorks
  - Design, co-ordinate and test manufacturing tooling including jigs and fixtures
  - Train personnel on manufacturing equipment and processes
  - Support the development of manufacturing and work flow processes
  - Assist management with development and implementation of continuous improvement activities
2. Direct and Indirect Technical Liaison
  - With customers, outside contractors, and Production and Quality teams
3. Costing and Budget Analysis
  - Generate pre-project costing to determine cost / benefit
  - Assist management in project budget justification and development
  - Support routine part cost evaluation and establish an inventory control system
4. Data Collection and Management
  - Perform routine data logging and analysis with the goal to improve the manufacture of parts
5. Safety Awareness
  - Perform all work with a safety mindset
  - Recognize requirement for Pre-Start Health and Safety reviews
6. Maintenance
  - Define requirements of maintenance schedule for production and facility equipment
7. Other Duties as Assigned

CWC will only consider applicants with these required minimum qualifications:

- Post-Secondary Education related to Manufacturing Engineering Technology
- Two years of work experience in a manufacturing environment
- MS Office including Excel, Word, PowerPoint
- Ability to complete production tasks
- Experience in report generation
- A commitment to promoting a positive, productive and harassment free workplace
- A commitment to regular, reliable and timely attendance

Greater consideration will be given to applicants with:

- MS Access, SQL, MySQL
- Experience with Product Improvement and Change Management

The work is performed at our Goderich location. The usual work pattern is Monday to Friday for a total of forty hours per week. A clean Criminal Record Check will be required following an Offer of Employment.

CWC offers a competitive wages and benefit package for this position. You will be entitled to employer paid benefits after four months of employment.
